

HARNISH DRIVE

Construction Project

Construction Update: November 20, 2021

We want to thank you for your patience during the reconstruction of Harnish Drive from Randall to Hanson roads. As part of this project, the Village repaired and resurfaced roadways, as well as improved drainage, patched driveway and curb and gutter, as well as addressed ADA improvements such as striping of pedestrian crosswalks. The project included improvements to Harnish Drive, Chatham Circle, Flora Drive, Sutcliff Court, Sandpiper Road and Fairfield Lane.

While you may see some landscaping work continue next Spring, the Harnish Drive Construction Project is now complete.

HARNISH DRIVE

Construction Project

The Road to Completion **WHAT WENT INTO THE PROJECT?**

Poured

700+ cubic yards
of concrete

Placed
